DESCRIPTION

The Pluricode T3 portable Bluetooth printer is a printer with direct thermal printing method, suitable for printing labels and receipts.

It supports various types of systems, including iOS, Android and Windows CE and is therefore easily adaptable. It prints quickly 1D and 2D barcodes on labels with different widths, up to a maximum width of 72 mm.

Light and resistant thanks to its rugged design, the Pluricode T3 portable Bluetooth printer finds application in many areas where mobile printing is expected. This portable printer, in fact, can be used in the logistics, travel and healthcare sectors.

The long-life battery also allows it to remain on standby for up to 5 consecutive days.
