DESCRIPTION

Apix 240T industrial thermal label printer: small footprint, big impact

Apix 240T industrial thermal label printer is the new value leader for 4" wide light industrial label printing.

The Apix 240T industrial thermal label printers features a small footprint, easily understandable operator interface and a full set of options to meet nearly every printing application.

Its compact design, quiet operation and fast label throughput is equally at home, in the office or on the shop floor.

The printer's all-metal construction and die-cast aluminum print mechanism engine is durable enough to withstand the toughest production environments and is designed for years of trouble free use.

It has applications in different sectors, such as:

Production (Work In Process labeling; Product marking; Conformity labeling; Industrial printing);
Warehouse and logistics (Packaging; Order management; Shipping / Receiving; Inventory management);
Retail trade (Product labeling; Event ticketing);

On the e-commerce of Raining Labels, the label manufacturer of the Pluriservice Group, it is possible to buy labels for immediate delivery directly.

TECHNICAL SPECIFICATIONS
