DESCRIPTION

APIX PRO 4P – APIX PRO 6P is a print and apply system that applies printed labels on boxes, cartons and bundles in real time, available in left or right version.
Top, side and front application of the label on the package.
This is a professional labelling machine for printing and applying labels with an industrial print engine.
A solid, robust and high-performance product, designed by Pluriservice Group to print and apply on stationary products with a vertical or lateral pneumatic applicator.
The maximum performance of this machine is expressed in carton packaging and end-of-line packaging processes.
