## DESCRIPTION

# DATALOGIC MEMOR K TERMINAL, IDEAL FOR ANY DATA ACQUISITION APPLICATION

The Datalogic Memor K mobile computer is a small terminal, ideal for any data acquisition application, which includes a powerful 2 GHz octacore processor with 3 GB of memory with Android™ 9.

Data entry is quick and easy thanks to the backlit keyboard, while the 4-inch display offers the user plenty of space for your applications. The lightning-fast 2D imager also allows users to easily read any 1D or 2D barcode from any surface, including mobile screens.

## FAST COMMUNICATION WIFI AND USB

The Datalogic Memor K portable terminal enjoys a powerful Wi-Fi connection that includes the AC standard, while the USB-C guarantees exceptional data exchange and charging speeds.

## LIGHTWEIGHT DESIGN AND GREAT PERFORMANCE

Memor K is light and thin and streamlines your workflow, thanks to the 2 conveniently positioned side buttons and SoftSpot™ technology. The IP54 degree of protection, the

## TECHNICAL SPECIFICATIONS
