DESCRIPTION

ZEBRA MC9300 with Android operating system

Zebra MC9300 is one of the most frequently used and sold mobile computers thanks to its advanced features and high performance. It is ideal for intensive use in large warehouses and high-capacity production centres. Due to its speed and outstanding decoding performance, this model is an essential ally for optimising and simplifying work.

FEATURES

Long battery life and short charging time.
Equipped with WI-FI connectivity that increases the coverage and speeds up response time.
Remarkable decoding performance.
It can be integrated with a variety of accessories.

TECHNICAL SPECIFICATIONS
