DESCRIPTION

PLUS ONE is the brand-new **portable terminal** that guarantees high performance and exceptional **autonomy**. With Android 12 operating system, a powerful octa-core processor, and the option to choose ample **memory**, this device offers incredibly **efficient operation**.

The **PLUS ONE** features a 5.5-inch HD display, ensuring clear visualization of information, while the removable 5000 mAh **battery ensures** long-lasting power and easy replacement when needed.

The outstanding configuration of the **PLUS ONE** includes optional barcode **scanning functions, NFC technology, and both front and rear cameras**. Its IP68 protection rating and 1.5-meter drop resistance provide robust durability against external agents and accidental damage.

Thanks to its versatility, the **PLUS ONE** perfectly adapts to various applications, including sectors such as **retail, logistics, warehousing, electricity, finance, transportation, and manufacturing**. It helps users significantly improve operational efficiency and achieve better return on investments, thanks to reliable and cutting-edge performance.

With an intuitive design and advanced features, the **PLUS ONE** simplifies daily tasks, contributing to optimizing business operations. This device is an ideal choice for companies looking to maximize **productivity** and achieve **excellent results with lower investments**.

In conclusion, the **PLUS ONE** is a comprehensive and high-performing portable terminal, designed to deliver outstanding performance and exceptional autonomy. With

TECHNICAL SPECIFICATIONS

Dimensions: 160.0 x 75.0 x 16.4 mm / 6.30 x 2.95 x 0.65 inches.

Weight: 288g / 10.16oz (with battery).

Keyboard: 1 power button, 2 scan buttons, volume (+/-) keys.

Battery and Power: Removable 5000 mAh main battery, supports fast charging.

Display: 5.5 inches, 1440 x 720.

Touch Panel: Multi-touch panel, supports gloves and wet hands.

Sensors: Light sensor, proximity sensor, gravity sensor.

Notifications: Sound, LED indicator, vibration.

Audio: 2 microphones, 1 for noise cancellation; 1 speaker; receiver.

Interface: USB Type-C, USB 2.0, OTG (On-The-Go).

advanced scanning options, **resistance to external agents**, and support for a wide range of applications, it proves to be a valuable ally in enhancing efficiency across different industries.
