

Mobile Computer Plus 66

Mobile Computer PLUS 66: Large screen and easily disassemblable.

Discover the **Plus 66**, the **portable terminal** with a **large screen**, **advanced features**, and **easy disassembly**. Qualcomm octa-core processor and **Android 11** for superior performance. **Fast scans** with **barcode reader** and **NFC**. Extensibility with **fast charging** and **UHF**. Advanced authentication options and Wi-Fi 6 for secure data transmission. Ideal for logistics, warehousing, retail, and more.

DESCRIPTION

The **Mobile Computer Plus 66** is a powerful **portable terminal** that offers an extraordinary experience thanks to its **large screen**, **numerous integrated features**, and **ease of disassembly**. With a Qualcomm octa-core processor and the **Android 11** operating system, the **Plus 66** guarantees **high-level performance** for a wide range of business applications.

The portable terminal is equipped with a **5.5-inch HD display**, which allows for a clear visualization of information, making interaction with the terminal more seamless. The integrated **barcode reader** and **NFC** functions enable **fast** and **accurate scans**, improving operational efficiency.

The distinctive feature of the **Mobile Computer Plus 66** is its **high extensibility** thanks to support for **fast charging** and **UHF technology**. This allows adapting the device to specific business needs and improving productivity.

With the premium version of **Android 11**, users can choose from various authentication options, such as **fingerprint recognition**, **RFID**, or **product volume measurement through the camera**. This flexibility makes the **Plus 66** suitable for a wide range of applications, from **logistics** and **warehousing** to **manufacturing** and **retail**.

The **Wi-Fi 6**-ready platform offers **higher data transmission speeds** and **increased security**, meeting

TECHNICAL SPECIFICATIONS

Dimensions:
160.0 x 76.0 x 15.5 / 17.0mm / 6.3 x 2.99 x 0.61 / 0.67 inches

Weight:
287g / 10.12oz (with battery)
297g / 10.47oz (with battery, Fingerprint / Volume Measurement / Integrated UHF)

Keyboard:
1 power button, 2 scan buttons, 2 volume buttons

Battery:
Removable main battery (standard version: 4420mAh; Android 11 with Fingerprint / Integrated UHF / Volume Measurement version: 5200mAh)

Optional 5200mAh pistol grip battery, with QC3.0 support and RTC

Standby: up to 490 hours (main battery only; WiFi: up to 470 hours; 4G: up to 440 hours)

Continuous usage: over 12 hours (depending on the user environment)

Charging time: 2.5 hours (charging device via standard adapter and USB cable)

Screen:
Full HD 5.5-inch display (18:9), IPS IGZO 1440 x 720

Touch Panel:
Multi-touch panel, supports gloves and wet hands

Sensors:

all business needs. This makes the **PLUS 66** the ideal choice for optimizing business operations and ensuring efficient and secure data management.

In summary, the **Mobile Computer Plus 66** is a **complete portable terminal**, equipped with a **large screen**, **advanced features**, and **easy disassembly**. Thanks to its powerful processor, Android 11 operating system, and support for various technologies, it is a versatile and reliable option for logistics, warehousing, manufacturing, retail, and other business applications.

Accelerometer sensor, light sensor, proximity sensor, gravity sensor

Notifications:
Sound, LED indicator, vibration

Audio:
2 microphones, 1 for noise cancellation; 1 speaker; receiver

Slots:
1 Nano SIM card slot, 1 Nano SIM card or TF card slot

Interface:
USB Type-C, USB 3.1, OTG, Extended Digital;
