DESCRIPTION

PERFECT WHERE SPEED AND RELIABILITY ARE PRIORITIES. the Honeywell PM43 RFID industrial printer is designed for intensive RFID label printing and encoding. Suitable for manufacturing, transportation, logistics and food fields. Rugged, durable, all metal and perfect for demanding industrial environments. It is perfect where high performance and reliability are required and its main features are high programmability and connectivity. Equipped with multiple accessories such as rewinder, peeler, label ticket sensor, real time clock, to enhance its operation.

TECHNICAL SPECIFICATIONS

print width
up to 4 (104 mm) - media width up to 4,6 (118 mm)

maximum print speed
up to 11.8 /sec (300 mm/sec)

memory
128 Mb DRAM
128 Mb flash ROM

interfaces
ethernet 10/100
Serial RS 232
USB 2.0
parallel port IEEE 1284 opzionale
industrial interface (8 digital input/output, 4 analog relays, 1 RS232/422/485 port) optional
RS-232, RS-422, RS-485 double serial ports and 20mA loop, optional
IEEE 802.11 b/g/n + Bluetooth optional

print resolution
203 dpi (8 dots/mm)

cutter (optional)
