

Tablet Plus 300

Advanced features for your business

The Tablet Plus 300 is designed to deliver the perfect combination of power and practicality. Equipped with an MTK6762 ARM-Cortex A53 2.0GHz processor and 16 GB of RAM, it ensures smooth performance even with the most demanding applications.

The 128 GB SSD internal storage—expandable up to 128 GB via MicroSD—provides ample space for files, apps, and multimedia content. Its 11.6” TFT-LCD display with 1920x1200 FHD IPS resolution ensures crisp visuals, making it perfect for any work environment.

Thanks to the 10-point capacitive touchscreen, interaction is precise and responsive. Finally, the 7000mAh lithium-ion polymer battery guarantees up to 7 hours of battery life, supporting your workflow throughout the day without interruption.

DESCRIPTION

Performance and Versatility in a Compact Design

The Tablet Plus 300 is engineered to meet the demands of professionals and businesses, ensuring high performance and on-the-field reliability. Featuring a large 11.6” TFT-LCD Full HD IPS (1920×1200) display, it delivers clear and precise visuals.

Powered by a high-performance MTK6762 ARM-Cortex A53 2.0GHz processor and 16 GB of RAM, the Plus 300 ensures speed and fluidity even when running complex applications. The 128 GB SSD internal storage—expandable by an additional 128 GB via MicroSD—provides extensive space for storing databases, reports, and documents.

Finally, the 7000mAh lithium polymer battery, with up to 7 hours of runtime, allows you to work without interruption even during your busiest days.

TECHNICAL SPECIFICATIONS
