DESCRIPTION

MAXIMUM PRODUCTIVITY, EVEN IN THE MOST DIFFICULT ENVIRONMENTS.

The Granit BT 2D long range is a cordless scanner, equipped with imaging full-range technology allowing 1D/2D barcode scanning over a wide range of distances. From 2-mil, near-read, low-quality barcodes to 100 million codes on warehouse beams, read up to 52.5' (16 m). With an unparalleled range and wireless freedom for incredible versatility, the Granit allows maximum user productivity in the most difficult environments. Equipped with communication/charger dock.

TECHNICAL SPECIFICATIONS

Area Image

Connectivity: radio/range Bluetooth v. 2.1 with Adaptive Frequency Hopping (ISM band) 2.4 to 2.5 GHz, Class 1: 328' (100 m) in open space

Scan speed: up to 1 Mbps

Dimensions: 5.23"x2.95"x7.67" - 133 mm x 75 mm x 195 mm(L x W x H)

Operating temperature: -4F to 122F (-20°C~50°C)

IP65
