DESCRIPTION

ADMISSION EFFICIENCY IMPROVED.

Especially designed for admission facilities, such as hospitals, theme parks etc, the Plus TDP225W printer can be programmed to work in standalone mode, without being connected to a computer. With its excellent print resolution, it can print 1D and 2D barcodes and loads rolls up to 6.5″ OD, to avoid unnecessary waste and to operate without replacing the roll. Its large LCD front display keeps users constantly informed on printer status, battery use and configuration menus. Cerner certified, this printer can work in any hospital system and helps improving control and security in admission facilities.
