

## Rugged Smartphone

# PLUS 6301

OS Android 9 Pie

### CHECK AND PROTECT

The Plus 6301 Professional smartphone offers a high security access to its owner. The access to the powerful features of this smartphone can be done through the specific lateral key which integrates a fingerprint sensor. You need an easier way? Activate the screen and the Face Access function unlocks your phone instantly. Protect your data! Be safe! The SOS feature is able to help you in any kind of difficulty. It will optimize the battery consumption to be able to send a message every 10 minutes with your localisation for a very long time.

### THERMAL SENSOR & DOUBLE CAMERAS

Of course rear and front cameras are a standard on the market but look at the advantage of the 2 rear cameras and the high results in the pictures quality. You need to check the temperature of a room, electrical pieces, an animal, a human or whatelse? take the advantage with the Plus 6301 and its FLIR sensor in addition of its 48Mpixels camera.

### EXTREMELY LONG LIFE BATTERY

The Plus 6301 Professional Smartphone supports a very high capacity battery up to 6580 mAh. It gives up to 28 hours of calling or one month in stand by mode! The smartphone's internal battery support fast charge either by cable through the USB-C connector or by using wireless charger. The 10W wireless charging increase the charging efficiency by 30%

### EXTREMELY RUGGED

Tested in all conditions and from -30°C to +60°C, the smartphone is able to support 1.5 m drops in rocky trips. The device can withstand relentless pounding, pressure and force. On the job site, in the field or in the search of adventure, this devices is extremely rugged and reliable mobiles solution.

**MIL-STD-810G approved.**

### WATERPROOF

The Plus 6301 Professional Smartphone is waterproof & dustproof. With its IP68 it supports 1.5m deep water. You want more? The Plus 6301 is aligned with IP69k and can support high pressure wash (100 bar) at high temperature (80°C). In any case, no worries about water, humidity, sand, dust or mud.

**IP68 & IP69K**
